(b) to (d) The exchange rate of the rupee is fixed with reference to the value of a basket of currencies^ mainly of countries which are India's major trading partners. The exchange fates between the rupee and other currencies move upward or downward. depending upon the fluctuations in the value of these. currencies. In a regime of floating exchange rates^ it is neither possibIe*nor appropriate to make a forecast of any loss or gain to the country from trade/financial transac-. tions.

lOTiring of army recruits by the Punjab extremists
